

**AN ACT  
FOR THE EXTENSION OF THE  
SAPO NATIONAL PARK**

**APPROVED: OCTOBER 10, 2003**

**PUBLISHED BY AUTHORITY  
MINISTRY OF FOREIGN AFFAIRS  
OCTOBER 24, 2003  
MONROVIA, LIBERIA**

## AN ACT FOR THE EXTENSION OF THE SAPO NATIONAL PARK

WHEREAS, it has been the policy of the Government of the Republic of Liberia to adopt such measures as deemed conducive in the interest of the State; and

WHEREAS, our forests are among our greatest natural resources and may be made to contribute greatly to the socio-economic, scientific and educational welfare of Liberia by being managed in such a manner as to ensure their sustainable use; and

WHEREAS, the protection, conservation and sustainable utilization of these resources must be carried out promptly, efficiently and wisely, under such conditions as will ensure continued benefits to present and future generations of Liberia; and

WHEREAS, Sapo National Park, established in 1983, is recognized as being at the core of an immense forests block of the Upper Guinea Forest Ecosystem that is important to the conservation of the biodiversity of Liberia and of West Africa as a whole; and

WHEREAS, it has been determined by socio-economic and biological surveys and with consultation of the local community that the integrity of the Sapo National Park consisting of 323,075 acres requires that its boundaries be extended;

*NOW THEREFORE it is enacted by the Senate and the House of Representatives of the Republic of Liberia, in Legislative Assembled:*

**Section 1.1 Title:** An Act for the Extension of the Sapo National Park to Embrace 445,677 Acres of Forest Land

**Section 1. 2 Short Title:** This Act may be cited as the Sapo National Park Act

### **Section 2.3 Definitions:**

"Chains" means a unit of measurement that is 80 chains to a mile.

"Bounds" means lines defining distance between metes.

"Metes" means point of direction change in demarcating boundary lines.

"Metes and Bounds" define the perimeter of an area.

"National Park" means an area of sufficient size to form a complete ecological unit, legally set-aside for the preservation and enjoyment of features that have outstanding natural beauty, cultural or biological significance.

### **Section 2.1 Metes, Bounds and description:**

- a) The Sapo National Park is located in the Southwestern section of Liberia in Sinoe County. It lies between 5 degrees 00' to 5 degree 50' North and North Latitude and 8 degrees 00' to 9 degrees 00' West Longitude.
- b) Commencing at a point at the confluence of the Sinoe River and the Wanna Creek a line runs along the Wanna Creek
- c) Due East for 552 chains; thence due East for 1140 chains to a point; thence North 63 degrees for 1980 chains to a point; thence North 36 degrees East for 689 chains to a point; thence North 55 degrees 30' West for 316 chains to a point; thence South 83 degrees 30' West for 884 chains to a point; thence North 48 degrees West for 526 chains to a point; thence South 56 degrees 30' West for 1110 chains to a point; thence due South 51 degrees West for 999 chains to a point; thence due South for 174 chains to a point on the Sinoe River; thence a line runs along the Sinoe River in the Southern direction for 760 chains to the point of

commencement (confluence of Sinoe River and Wanna Creek) embracing 445,667 acres of forest land and no more.

**Section 2.2: Management of the Sapo National Park:** The said National Park shall be managed as a permanent component of the Protected Forest Area Network of Liberia in accordance with such rules and regulations as may from time to time be promulgated by the Forestry Development Authority of Liberia for the purpose.

**Section 3:** This Act shall take effect immediately upon publication in handbills.

Any Law to The Contrary Notwithstanding.
